

## **HERCA Workshop Implementation of Radiation Protection Expert & Radiation Protection Officer**

# Overview

- Background
- Objectives
- Program

# Background: HERCA

- Since 2012 HERCA TF E&T  
General picture: less harmonization on E&T in RP
- In 2013 HERCA recommended further guidance<sup>1</sup>:
  - on duties and practical competences RPE
  - on the role of RPO and training and competencies
  - HERCA BoH acknowledges importance E&T in RP and mutual recognition of RPE/RPO, but pointed out that **first priority should be to update national systems to the new BSS Directive**

1. Report HERCA website

## Background: HERCA (2)

- In 2014 HERCA TF E&T was tasked with development of criteria/guidelines for the implementation of RPE and RPO (making use of ENETRAP I, II, III results where appropriate) and respecting diversity in implementation of the BSS in the framework of the HERCA Action Plan on the role of HERCA in the transposition of Euratom-BSS.

# Background: ENETRAP III

## Workpackages

- [WP1](#) Project coordination
- [WP2](#) Organisation of “think-tank” activities and establishment of partnerships ensuring feedback from stakeholders
- [WP3](#) Establishment of three specialized training modules for RPE and implementation of pilot sessions
- [WP4](#) Development of a train-the-trainer (TTT) strategy and organisation of a TTT training event
- [WP5](#) Dissemination of project results and contribution to a website for capacity building and transfer of know-how in radiation protection
- [WP6](#) Testing of methodologies for RPE recognition and mutual recognition in practice
- [WP7](#) Writing of guidance to support the implementation of E&T requirements for RPE and RPO as defined in the Euratom BSS

## → Deliverables

- D 7.1 Guidance document to support the implementation of E&T requirements for RPE
- D 7.2 Guidance document to support the implementation of E&T requirements for RPO

# Objectives

1. Common understanding RPE and RPO
2. Exchange National approaches
3. Develop recommendations to facilitate implementation BSS
4. Comment on draft guidance ENETRAP III
5. Develop joint vision on future ambitions of HERCA on RPE / RPO

# Program workshop

Inspired by Radon national action plan workshop

## Session I

Exchange of national approaches implementing BSS on RPO/RPE

## Session II

Recommendations to facilitate implementation of BSS on RPE/RPO

## Session III

Enetrap III activities related to RPE/RPO

## Session IV

Conclusions and Recommendations  
(inclusive future ambitions HERCA on RPE/RPO)
